He is prejudicially convicted because of his Hawaiian Social Security number in Alaska, where the prosecutor told jurors: many come here to get away. Grandparents helped to develop, settle the Alaska land since 1948.

No Miranda Rights were read.

The Police clearly identified Another: [REDACTED]

He was not allowed to ever talk in court.

No Investigation was ever done for him.

No witnesses were called.

He was not allowed a Lawyer of Choice. The lawyer of choice was not called to testify as lawyer of choice had requested.

The Police clearly identified Another: [REDACTED]

None of his prints are on the weapon. Others Prints are on the weapon. The weapon was never looked at by any defense, as there was no defense, rather a sham detrimental act..

Fired, Forced on him 'defense' lawyer collaborated with prosecutor to show 'made up' film in court.

Forced, 'done deal', fired Lawyer disliked Piers, and his Mother, who were threatened.

One of the perpetrators walked away and never even looked for by FBI, or anyone.

Judge Influenced, prejudiced all other Judges to follow his opinion.

Judge said at sentencing: "I could help you, but I won't."

Judge said at sentencing: "Go get your appeal papers, see what good it does you."

Judge made a deal with known [REDACTED] criminal of Ak., who was to be arrested the next week, to testify against Piers, even though Police identified [REDACTED] as shooter.

The tellers thought the perpetrator was [REDACTED] who worked there, who they knew, and knew he knew how to get into all the areas with keys that take a lot of training to be able to use.

The tellers knew Piers, and did not think it was him. The Police knew Piers from community service, and did not think it was him. The Lawyer of choice did not think it was him, and to this day all who know him do not think it was him. To this day he says it was not him, he went to meet them that day, with his bike in his truck, to go biking. [REDACTED], known record

holder, used, abused, set William E. Piers up, framed and blamed him because they could; it was, probably still is, their lifestyle.

Please HELP US, FREE William E. Piers, we will take care of his beaten, battered, broken mind and body. He is NON aggressive, NON assertive. He is mild mannered, helpful, EMT skilled, has taken many classes before, and in Prison, has some college background, is truly a reliable, nice guy, who we will gladly take care of while he gets desperately needed medical care, rehabilitates to function helpfully in society, in this great country of ours.

Please let him come home to us before he dies in prison, or we die of things. His return home would save the Gov. a lot of money, and help all of society.

Sincerely, Responsibly, V/R,

Lt.C. [REDACTED] Mary [REDACTED] Piers [REDACTED]
